...A history which started in 1941

- ...from Don Ottorino Zanon's inspiration
- The aim has always been that of breeding students – especially those who encounter difficulties – and of helping them to find their own way in life, through a fundamental tool: work.
- Work is to be learnt, to be loved, to be considered a value.

PURSUE ONE'S STUDIES

Some "Fourth year schooling" have been undertaken into the CFP to accomplish the European Fourth Level "TECHNICAL CERTIFICATE".

The schooling reforms allow the passage between Vocational Education Institutes and Public Educational Institutes.
